Friday

Dear Mum & Dad,
Well, I am almost through with
Fire Fighting and on the way back to
the ship. I am not looking forward to
returning to the Ed. guns but I guess
it won't be too far since I have something
to look forward to, next year.

You about all this marriage
business. Don't forget to let me know what
kind of pattern that silver is and also the
ring business because I want to get the
announcement out of the way as soon as
possible. I can't remember whether or
not I gave you Jennie's address so
here it is again:

Cyprien Elizabeth Eliot
Box 343

Summerton, South Carolina

The darn pen is running out of
ink. Fire fighting school is really
a great school and I have learned
a lot about how to put fires out.
It will help me in any circumstance
so even if I leave the Navy it

won't be a waste.

I hope you got the rest of the way home alright after leaving me at the airport. I had a very nice visit for the plane and a very fast trip out to San Angeles. I sent a telegram as I was met immediately and got me to the ship for some gear and then away to the two stations since my car was in the shop for a check - this made me slightly mad. I arrived in San Diego at 0300 or 0700 East Coast time, so I was fairly tired the first day.

Hope Chisel is doing the work in school and doing as well as I know he can.

My final periods are coming off so, I will stop now. Write and keep reminding me of things I should do before the wedding.

Love,
Lore
